

Polymer TransAction Advisors, Inc. Opens Mumbai Office

Polymer TransAction Advisors, Inc. "PTA" is pleased to announce the opening of its office in Mumbai with the goal of providing unrivalled value to the Indian Polymer & Plastics Industry on international business acquisitions, mergers, technology licensing, joint ventures and other growth strategies.

Polymer TransAction Advisors, Inc. (PTA) focuses exclusively in plastics and has assisted more than 200 clients achieve profitable internal and external growth over the past decade through its strategically located offices in the USA, Europe and Latin America. Each office is managed by a seasoned veteran from the plastics industry with decades of industrial and consulting experience. PTA executives have completed more than 180 polymer industry transactions of all types around the world.

The Mumbai office will be overseen by Gurudutt G Trasy, an IIT (Mumbai) Chemical Engineer, with advanced degrees from US universities. Gurudutt G Trasy held operating positions at W R Grace & Company & Consolidated Container Corporation and consulting positions at Booz Allen & Hamilton (USA) and PA Consulting (UK), where he consulted to several US, European and Asian corporations, including the IPCL/General Electric (now Reliance) plastics joint venture in Baroda. Day-today office management will be under Srikant G Trasy, a chartered accountant with extensive banking and finance experience.

PTA was represented at PlastIndia 2009 by Gurudutt G Trasy who has attended several prior PlastIndia conferences over the past decade. Our goal is to contribute to the robust future of the Indian Plastics Industry by coordinating the introduction to US companies, technologies and processes to India that aid India's plan to develop cost-effective world-scale plastics businesses. We visualize developing for Indian clients US & Indian growth platforms for sustained, mutually enhancing successes building on our network of US & European clients via mergers, acquisitions and collaborations.

PTA executives will attend NPE 2009 and we invite interested parties to lever this resource.
